

N-Plug for LL400/LMR400 50Ω, SPINNER 56MM-N400SP

The N400SP is a Spinner brand straight N-Type Connector for 10mm solid core 50ohm coax LL400/LMR400 and similar, crimp inner & crimp outer. PTFE dielectric and internal silicon rubber gasket plus outer heatshrink for waterproofing

Features and Benefits

- » N400SP N-Type MIL Spec connector for use with 56MM-E400 series cable
- » Impedance: 50Ω Nom.
- » Inner conductor hex crimp 3.25mm, outer conductor crimp 10.9mm.
- » Inner and Outer conductors copper alloy with silver plating, remaining metal parts copper alloy with nickel plating
- » Internal silicon rubber gasket for waterproofing
- » Heatshrink supplied with connector
